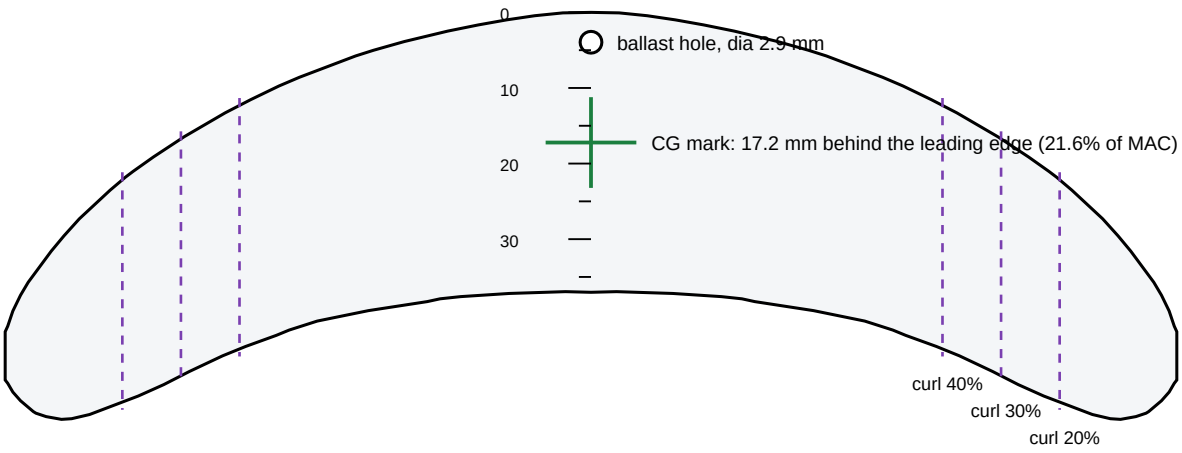
Zanonia glider, published 6 in pattern (span 155 mm), full outline, 1:1

Cardstock or foam-plate template, secondary to the printed plates. Print at 100 % (not fit to page); check the bar below.
Cut the solid line. Curl: roll each tip, flight-upper face DOWN, over a 3/16 in (4.8 mm) dowel (the page: 'just a slight curve').
Purple dotted lines: 20, 30 and 40% of the semi-span. Circle: ballast hole for clay or blu-tack.
Green cross: the CG marked on the published pattern (MEASURED-FROM-SCAN). Ticks along the centre line: mm from the leading edge.

100 mm: this bar must measure 100 mm on your print



Zanonia glider, 250 mm span, ONE HALF, 1:1 (flip on the centre line)
